National Honor Society Met At ACHS

The National Honor Society of Appomattox County High School met on May 9, 1973 at the school auditorium. president Joan Coleman called the meeting to order, and then Pam Chenault, Chaplain, led the club in devotions. The minutes of the last meeting were read by Pat Hudson and approved. There was no old business, but Joan brought up the fact that the tassels for the Senior honor students had been ordered for graduation.

The meeting was then devoted to the election of new officers for the 1973-74 school year. Joan Coleman gave the slate of officers drawn up by the nominating committee to the club. After hearing the names given by the nominating committee, the club nominated additional students and then voted to elect the following officers: President, Chris Gallier; Secretary, Michael Gallier; Vice President, Jane Conner; Treasurer, Linda Sullivan.

The Reporter and Chaplain were left vacant so that they could be filled by next year's new members. After the election, the new officers were installed by President Joan Coleman, and the meeting was adjourned.

Checking

"I sent my little boy for 2 pounds of plums and he came home with only a pound and a half. Are you sure your scales are correct?"

"My scales are all right, madam. Have you weighed your little boy?"

News From Boys Scout Troop 546

After three years of dedicated and faithful service to the Boy Scouts in the Appomattox area, Floyd Flint, former Scout Master, has accepted a transfer and is now with the Defense Contracts Administration System in Montreal, Canada. He was formerly assigned to Babcock and Wilcox in Lynchburg.

Scout Master Neal Goldstein, who served with Flint as Assistant Scout Master, says that Flint really worked to build up the troop to be one of the finest in our entire area. Boys ages 11 and up are members of Troop 546.

Last week-end Troop 546, with Scout Master Neal Goldstein, attended a Spring Jamboree on Paul Graves Farm near Old Graves Mill Road in Lynchburg. Twenty-seven Boy Scouts from Troop 546 attended.

The program for the Jamboree was "Friendship Rally" and gave the boys a chance to form teams with members from other troops to compete in scouting skills.

On Saturday afternoon they had a Merit Badge Trail with experts in each field set up to assist scouts.

The highlight of the week-end was on Saturday evening at the Campfire ceremonies when a group, "Sing Out South", sang many songs for the group and led the troops in a sing-a-long.

Mark Martin and Lewis O'Brien, two boys from the Wehloe Den, have recently moved up to Boy Scout Troop 546.

A camp-out at Holiday Lake is planned for the near future. Holiday Lake is a pet project of the troop and as a part of their SOAR project the boys plan to hike around the lake trail and clean-up the area. Connected also with the SOAR project, the scouts have put out houses for blue birds.

Neal Goldstein, Scout Master, is in need of some help with this fine group of scouts. If you can help out in any way please contact him - telephone 993-8859. Your assistance with this troop will be greatly appreciated and you will be helping scouts learn to grow into the men of tomorrow.

Too Much

A widely traveled sportsman was boring guests with a series of long talks about his exploits. "While I was wandering through this deserted village I spotted a leopard," he said.

"That does it," said one of his listeners. "I always knew he was a liar. Leopards come that way."

Homemaker Hints

By Rebecca M. Johnson, Extension Agent

Following is an article which I found in "Consumer Comments", a monthly newsletter of consumer education, published by the Virginia Department of Agriculture and Commerce. Since all of us are consumers, I think we should be aware of the laws that protect us which are included in this article.

The Intelligent Consumer by Roy L. Farmer Director of Consumer Affairs

The intelligent consumer will be most skeptical when dealing with out-of-state firms. He will, before buying or ordering a product, determine if the firm is a reputable one by contacting the Better Business Bureau in the area the firm is located. If the consumer doesn't know the name and address of the applicable out-of-state Better Business Bureau, he will call the local Better Business Bureau for the correct name and address.

If an out-of-state firm is represented by a salesman making a home solicitation sale, the intelligent consumer will determine what the salesman is selling; and if he doesn't want to buy it, he will not let the person come into his home. If the consumer is interested in buying the product the salesman is selling, he will get his correct name and address of the salesman and the company he represents.

The intelligent consumer will never sign a contract when he doesn't know what the provisions of the contract are. If the consumer is in doubt, he should say "no". If he is satisfied with the contract and wants to buy the product, he can sign the contract. He should never pay cash for a product in a home solicitation sale, and the check should always be written to the company, never to the salesman.

The consumer should keep in mind the fact that he has seventy-two hours to cancel the contract from the time of sale. The contract must be cancelled in writing.

The Home Solicitation Sales Act was amended in 1973 by the General Assembly, and the amendments go into effect on June 1, 1973. Then amendments are: if the contract is cancelled in a home solicitation sale within seventy-two hours of the time of sale, the seller may not keep a cancellation fee and he must pick up the merchandise within twenty days of the sale. It is the responsibility of the buyer to keep the product in good order until it is picked up by the company.

Others in the cast include Carol Jones, Janice Gagreur, Joe Ford, and Tye Beasley and Mike Lewis.

Facts about the great interest rate war.

No matter what you may read about bank interest rates, keep this one clear fact in mind: **No bank anywhere is paying more than Fidelity.** And most are actually paying less than Fidelity on popular 2-year, automatically renewable 5 3/4% Certificates of Deposit. Here's why:

Fidelity compounds your interest **continuously**, not just daily. So the annual yield to you is more than 6%. It's 6.00315 to be exact.

So in the midst of all the current noise and confusion, just remember this one beautifully simple fact:

Our 6% annual yield on 5 3/4% Certificates of Deposit is bigger than their 6%.

And that **is** a fact!
